## Lyell Goes Mobile!

October sees the launch of brand new mobile sites for four of our journals. The content and layout has been created specifically for viewing on a small screen whilst maintaining full text of content of the current issue, archives, table of contents and the look and feel of the full web version.

1. The Journal of the Geological Society  
<http://jgs.lyellcollection.org/>
2. Quarterly Journal of Engineering Geology and Hydrogeology  
<http://qjehg.lyellcollection.org/>
3. Petroleum Geoscience <http://pg.lyellcollection.org/>
4. Geochemistry: Exploration, Environment, Analysis  
<http://geea.lyellcollection.org/>

Students and researchers can access these sites from their mobile devices (using the above addresses) by obtaining a voucher from a networked computer and then inputting this voucher code when requested on the mobile site.

The mobile device must be authenticated within 48 hours of applying for the code. A voucher cookie will then be applied to the device to allow for continued use (valid for 6 months).

## Online First for Special Publications

Our Special Publications are now available 'Online First'!

Online First enables Special Publication articles to appear online soon after they have been accepted for publication and before the printed hardback volume.

Available to subscribers of the Lyell Collection Complete and Special Publications.

Earth science will now reach your research communities at a much quicker pace!

Once completed Online First titles will be available from our [Online Bookshop](#) as hardcover print publications and as complete volumes in the Lyell Collection.

Online First for journals is coming soon.
