### Dear Librarian

Welcome to the 4th issue of the Lyell news update.

If you have any questions or feedback, we'd love to hear from you! Similarly, if you have any news for the next issue of this newsletter, [send it to us](#) and we'd be happy to share it.

Best wishes

[Anne Davenport](#)

Head of Sales, Marketing & Distribution

### 25 years of the Publishing House

On 6th June 1988, the Geological Society Publishing House opened for business in the beautiful city of Bath. The venture was a huge success and 25

years on the Society publishes seven journals and adds 20-25 books a year to the vast back catalogue of more than 400 publications on our online bookshop. Nearly all publications are available online via the [Lyell Collection](#), and the Publishing House acts as publisher and distributor for a wide range of international organisations.

## The Open Access story continues...

We are delighted to announce the publication of our first Gold Open Access article which is published free for all to read through our Online First (publish-ahead-of-print) system.

[Persistent long-term \(c. 24 Ma\) exhumation in the Eastern Alaska Range constrained by stacked thermochronology](#)

The article will be published later this year in hardcopy in [SP378: Advances in 40Ar/39Ar Dating: From Archaeology to Planetary Sciences](#).

For some background reading on the Open Access debate, you may be interested to read [this article](#) published in the April issue of Geoscientist, written by Neal Marriott, Director of Publishing at the GSL Publishing House, and Dr Jonathan Turner, Publications Secretary of the Society.

## JUSP reports

JUSP has made a few changes to the way reports are displayed. For how-to-use guides and analysis tips, [visit the JUSP website](#).

Also, JUSP are [hosting a webinar](#) today at 2pm BST where, amongst other things, they will be offering help with completing the SCONUL return.

## 2014 subscriptions

2014 subscription prices coming soon!

We will be in touch shortly regarding the renewal process.

If you have any questions in the meantime, please contact your usual representative or speak to us directly on [sales@geolsoc.org.uk](mailto:sales@geolsoc.org.uk) or +44 (0)1225 445 046.

## Special Publications Archive

I'd just like to remind you that our Special Publications online archive Volumes 1-300 is available as a one-time purchase option, 300 SPs for less than £25 each.

The archive offers complete ownership and options for you to save space on hardcopy storage.

An annual subscription to the SPs offers online access to the archive and also the latest titles in the series with unlimited users, full text searching and downloading. The archives are hosted on the Geological Society's Lyell Collection, and there is no annual maintenance charge.

[Visit our website](#) for more information.

## New Publication

The latest publication in the *Deer, Howie & Zussman Rock-Forming Minerals* series is published this week: Rock-Forming Minerals Volume 3C: Sheet Silicates: Clay Minerals by M. J. Wilson.

For more information, [visit the online bookshop](#).

## New Publication

SP372 Geological Development of Anatolia and the Easternmost Mediterranean Region is also published this week. Edited by A.H.F. Robertson, O. Parlak & Ü.C. Ünlüenç.

For more information, [visit the online bookshop](#).

### This email service...

You are receiving this email as a customer of GSL and in the belief it is of interest to you. If you no longer wish to receive communications of this type from us, click the 'unsubscribe' link at the foot of this email.

If you are a recipient of the main Society newsletter, unsubscribing from this will *not* remove you from the main mailing list.

For all enquiries, problems or suggestions regarding this service, please [contact us](#).
