What is *Online First*?

Online First is a feature offered through the Geological Society's electronic content platform, the Lyell Collection. It enables articles to appear online soon after they have been accepted for publication and ahead of the printed volume or issue.

Lyell
Collection
Geological Society publications online

ONLINE FIRST

This feature is available for:

- Geological Society of London *Special Publications*
- *Journal of the Geological Society*
- *Quarterly Journal of Engineering Geology and Hydrogeology*
- *Petroleum Geoscience*
- *Geochemistry: Exploration, Environment, Analysis*
- *Scottish Journal of Geology*
- *Journal of Micropalaeontology*
- *Proceedings of the Yorkshire Geological Society*

All articles on the site are in their final PDF format apart from pagination, i.e. they have been accepted for publication, copyedited, typeset, proofed and corrected.

Online First benefits:

- Reduced lead time between submission and publication
- Access to the very latest articles in the field

Access entitlements

Current institutional subscribers to *Lyell Collection Complete*† can view the full text of all *Online First* articles#

Current institutional subscribers to the *Special Publications*‡ can view the full text of all *Special Publication Online First* articles#

Current institutional subscribers to individual journals can view the full text of *Online First* articles in the relevant journal#

#Subscribers will not enjoy perpetual access rights to *Online First* content unless it is published in a completed volume/issue within their subscribed-to calendar year.

Online First content is also available via pay-per-view.

Geological Society of London *Special Publications* - Archival access

All Special Publication volumes are available online on payment of an annual subscription fee (for the Special Publications† alone, or as part of Lyell Collection Complete†). It is also possible to purchase Special Publication archives of volumes 1 to 400 outright for a one-off fee allowing perpetual access.

- ▶ The 400 volumes are available in four separate archives:
 - SP Archive 1: SP001 – SP100
 - SP Archive 2: SP101 – SP200
 - SP Archive 3: SP201 – SP300
 - SP Archive 4: SP301 – SP400
 -
- ▶ Or as a 300 or 400 volume set:
 - SP archive 300: SP001-SP300
 - SP archive 400: SP001-SP400
 -

The archives are hosted on the Geological Society’s Lyell Collection, and there is no annual maintenance charge.

VAT at 20% applies to UK end users (and EU end users without a VAT registration number).

An academic subscription authorizes use at a localized site. Please contact your regional agent or the Society regarding global licenses.

Usage statistics are also available for each of the individual parts of the collection at the links below (please login using the Lyell Collection administrator username and password): Journal of the Geological Society, http://jgs.lyellcollection.org/cgi/instantusage Quarterly Journal of Engineering Geology and Hydrogeology, http://qjgeh.lyellcollection.org/cgi/instantusage Geochemistry: Exploration, Environment, Analysis, http://geea.lyellcollection.org/cgi/instantusage Petroleum Geoscience, http://pg.lyellcollection.org/cgi/instantusage Proceedings of the Yorkshire Geological Society, http://pygs.lyellcollection.org/cgi/instantusage Scottish Journal of Geology, http://sjg.lyellcollection.org/cgi/instantusage Journal of Micropalaeontology, http://jm.lyellcollection.org/cgi/instantusage Geological Society of London, Special Publications, http://sp.lyellcollection.org/cgi/instantusage Geological Society of London, Memoirs, http://mem.lyellcollection.org/cgi/instantusage Geological Society of London, Engineering Geology Special Publications, http://egsp.lyellcollection.org/cgi/instantusage Petroleum Geology Conferences, http://pgc.lyellcollection.org/cgi/instantusage</p>
<p>Perpetual access</p>	<p>Access to online content is no longer available once a subscription lapses. A subscriber for 2014, 2015 and 2016 who does not renew for 2017 can receive perpetual access to the relevant content published in final volume form during 2014 to 2016 (this is not automatic and must be requested when confirming non-renewal). Note that “<i>Online First</i>” articles not published in final volume form by the end of a calendar year are not included in this right to perpetual access. <i>This does not apply to Special Publication Archival access products.</i> A pre-2008 subscription does not entitle a user to access Lyell hosted past content. For subscriptions up to 2007 the print copy was the copy of record and electronic access was a free add-on. Once a subscription lapsed, electronic access was switched off. We have partnered with CLOCKSS (Controlled Lots of Copies Keep Stuff Safe) to ensure that all 26,000 articles available on the Lyell Collection are stored safely and securely online. www.clockss.org</p> 
<p>Subscriptions with a print component</p>	<p>Postage is included in price for print subscriptions. <i>Airmail delivery is not available.</i> If the subscription payment is processed after printed issues have already been mailed then the back issue(s) will be sent by surface mail (please allow up to 3 months for overseas delivery). Please note that when subscription payments are received and processed after March 2017 the availability of back issues is not guaranteed. Missing print issues must be claimed within 3 months of the end of the subscription year (by 31st March 2018 for 2017 issues). Claimed issues are sent by surface mail (please allow up to 3 months for overseas delivery). Please quote the publisher reference or the subscriber id (listed on subscription receipts and renewals) in all correspondence. Please note: from the 2012 volume onwards no index is published in the last issue of each printed journal. The online edition is the ‘version of record’ and this is fully searchable. Please contact the Journals Department for price and availability of print issues for 2016 and earlier.</p>

GeoScience World	<p>There is some overlap between the journal content on Lyell Collection and GeoScienceWorld (GSW). However, no book content is available on GeoScienceWorld by subscription.</p> <p>Content only available via the Lyell Collection:</p> <ul style="list-style-type: none">• The deep Journal of the Geological Society archival material (QJGS, 1845 to 1970),• volumes prior to 2000 for Proceedings of the Yorkshire Geological Society, Scottish Journal of Geology and Journal of Micropalaeontology• The historic transactions: Transactions of the Geological Society of London, Transactions of the Edinburgh Geological Society, Transactions of the Geological Society of Glasgow <p>Subscriber ids for Lyell Collection subscriptions (and IPs registered for Lyell access) are not accepted for GeoScienceWorld content. GeoScienceWorld (www.geoscienceworld.org) is also hosted by HighWire Press so the sites have a similar format.</p>
